MEMORANDUM

TO: Administrator, Guam State Clearinghouse

FROM: Deputy Director, Bureau of Statistics and Plans

SUBJECT: Fiscal Year 2017 Paul Coverdell Forensic Science Improvement Grant Program-Formula (CFDA 16.742): Intergovernmental Review of Grant Application

Hafa Adai! The Bureau of Statistics and Plans is requesting for Intergovernmental Review of Guam’s FY 2017 Paul Coverdell Forensic Science Improvement Grant Program (Coverdell Program). The CFDA number, Grant Posting/Grant Opening Date, Grant Submission Date, and Grant Program Summary are as follows:

- CFDA: 16.742
- Grant Posting/Grant Opening Date: January 10, 2017
- Grant Submission Date: March 10, 2017
- Brief Summary of the Grant Program: The purpose of the Paul Coverdell Forensic Science Improvement Grant program is to help improve the quality and timeliness of forensic science and medical examiner services. Among other things, funds may be used to eliminate a backlog in the analysis of forensic evidence and to train and employ forensic laboratory personnel, as needed, to eliminate such a backlog.

Guam is applying for $4,862 in formula (base) funding under the Coverdell Program from the U.S. Department of Justice, National Institute of Justice. If granted, base funds will provide support in providing forensic supplies and reference literature for the Serology and Drug Analysis Units respectively in the analysis, processing, examination, and comparison of forensic evidence.

The funding under this grant opportunity will provide resources to the Guam Police Department Forensic Science Division to improve the quality and timeliness of processing forensic evidence and to increase the Serology Unit’s capabilities for confirming the presence of biological fluids in evidence submitted for analysis and provide the Drug Analysis Unit with updated reference literature in the analysis of current and backlog forensic drug cases.

The Bureau kindly asks for your approval of our review request. Should you have any questions or require additional information, please contact either myself or Ms. Lola E. Leon Guerrero at 472-4201/2/3. Si Yu’os Må’åse’.

Program Abstract

Increase Laboratory Capability and Efficiency in the Processing of Serology and Drug Cases

The scope of this proposal is to enhance Guam's only Forensic Science Laboratory capability and efficiency in the analysis of serology and drug case. The objective is to provide support in providing forensic supplies and reference literature for the Serology and Drug Analysis Units respectively in the analysis, processing, examination, and comparison of forensic evidence.

To meet the scope and objectives, the grant will provide support in providing forensic supplies and reference literature for the Serology and Drug Analysis Units respectively in the analysis, processing, examination, and comparison of forensic evidence. The forensic supplies for the serology unit is of critical importance to ensure the Guam's Forensic Science Laboratory has the capability to confirm the presence of biological fluids in evidence submitted for analysis and to update the reference literature in the Drug Analysis Unit.

Meeting this objective and the scope of this proposal will increase the Serology Unit's capabilities for confirming the presence of biological fluids in evidence submitted for analysis and provide the Drug Analysis Unit with updated reference literature in the analysis of current and backlog forensic drug cases. The program evaluation criteria will consist of the successful implementation of the supplies and the successful implementation of reference literature. The program outcomes and effectiveness of the project will be based on the efficiencies that the Serology and Drug Analysis Units will experience with the forensic supplies and reference literature. The anticipated outcome of this program is to ensure the quality and timeliness of the processing of forensic evidence.
Program Narrative

Increase Laboratory Capability and Efficiency in the Processing of Serology and Drug Cases

Program Scope

The primary scope of this proposal is to ensure the Guam’s Forensic Science Serology Unit has the necessary forensic supplies to confirm the presence of biological fluids in evidence submitted for analysis; and the Forensic Science Drug Analysis Unit has updated reference literature to improve the quality and timeliness for the processing and analysis of drug evidence. The objective is to increase the quality and timeliness in the Serology and Drug Analysis Units by providing support for forensic supplies and updated reference literature.

To meet the scope and objective, the grant will provide forensic supplies (HemaTrace and ABAcard), and updated reference literature (Clarke’s Analysis of Drugs & Poisons, 4th Edition) for the Serology and Drug Analysis Units, respectively. The forensic supplies and updated reference literature are of critical importance to ensure the Guam’s Forensic Science Serology and Drug Analysis Units have the necessary forensic supplies and reference literature to increase the quality and timeliness in the processing and analysis of forensic evidence in the Serology and Drug Analysis Units.

Meeting this objective and the scope of this proposal will increase the Serology Unit processing and analysis of current forensic cases; and it will increase the Drug Analysis Units’ processing and analysis of current and backlog forensic cases. The program evaluation criteria will consist of the successful implementation of the forensic supplies for the Serology Unit; and the updated reference literature for the Drug Analysis Unit. The program outcomes and effectiveness of the project will be based on the efficiencies that the Forensic Science Division
will experience with the implementation of the forensic supplies and the updated reference literature. The anticipated outcome of this program is the increased forensic quality of processed case evidence in the Serology and the Drug Analysis Unit; and to maintain reduction of backlog forensic drug cases processed.

**Background**

Guam's government system is unique because there is only one level of Government. The Guam Police Department is the primary law enforcement agency with responsibility for Guam. The jurisdictional area is comprised of 180,562 citizens spread over a service area of 210 square miles. The department accomplishes its mission with a staff of 296 sworn officers and 55 full time civilian employees. The department reports an average of 633 (3 year average beginning with 2013 to 2015) instances of violent crimes each year to the Federal Bureau of Investigation as reported by the Guam Police Department Planning and Research Division. The violent crimes include murder, rape, robbery, and aggravated assault.

*Source: Crime in Guam 2015 Uniform Crime Report (UCR), Guam Police Department*

The Guam Police Department Forensic Science Division is the only U.S. Forensic Laboratory in the Western Pacific region. In addition to providing forensic services for Guam, it provides forensic services to local and federal law enforcement entities in Guam, the Commonwealth of the Northern Mariana Islands, and throughout Micronesia. The Forensic
Science Division consists of three distinct sections: Crime Scene Response Section (CSRS), Forensic Science Section (FSS) and the Evidential Control Section (ECS). The CSRS provides services in the area of crime scene field investigation, photo lab, and latent print/fingerprint analysis, the FSS conducts analyses of drugs, serological, and firearms and tool mark evidence while the ECS is responsible for the preservation and safekeeping of all evidence confiscated and submitted to the Guam Police Department.

The Forensic Science Division has twenty-two (22) full time personnel. The staff consist of the following: 1 Division Chief (Police Captain), 1 Operations Chief (Police Lieutenant), 1 Crime Scene Response Section Operations Sergeant / Senior Fingerprint Examiner (POIII), 1 Chief Criminalist (Civilian), 3 Criminalist III (Civilians), 1 Criminalist II (Civilian), 1 Criminalist I (Civilian), 2 Firearms Examiners (PO IIIs), 1 Photo Lab (PO I), 1 Fingerprint Examiner II (Civilian), 2 Fingerprint Examiners (POIII and POII), 1 Fingerprint Examiner I Trainee (Civilian), 6 Crime Scene Investigators (3 POIIIs, 3 POIIs), Property Control Officer (rotating assignment).

Statement of the Problem

Annually, the Guam Police Department Forensic Science Division (GPD FSD) receives an average (3yr) of 1,590 forensic cases, takes an average of 40,526 pieces of photographic forensic evidence, lifts an average of 3,730 latent prints, confiscates an average of 666 drug cases, receives an average of 81 drug cases, receives an average of 40 serological forensic cases, and receives an average of 8 firearms forensic cases. Due to the Governor of Guam austerity measures to reduce the deficit and budget cuts across the board to include existing essential programs, Guam’s only forensic laboratory is experiences challenges in acquiring forensic supplies and updated reference literature.

Average turnaround time to process and deliver forensic evidence to the requesting agency is 3 days.

Project Design and Implementation

Program Goal, Objective and Action Plan

The goal is to ensure the Guam’s Forensic Science Serology and Drug Analysis Units have the essential forensic supplies and updated reference literature to improve the quality and timeliness for the processing and analysis of forensic evidence.

The objective is to enhance the Forensic Science Laboratory ability to process and analyst forensic evidence by providing for forensic supplies and updated reference literature. To accomplish this objective, the Forensic Science Laboratory will purchase the following forensic supplies and reference literature such as hema trace, ABAcard, and Clark’s Analysis of Drugs & Poisons, 4th Edition. The forensic supplies will ensure Serology Unit has the necessary supplies for the confirmation of biological fluids such as blood and semen in order to provide the results for investigative and prosecutorial purposes; and the updated reference literature will ensure the
Drug Analysis Unit has the most current available edition that includes information on the identification of drugs developed after 1986 in order to process the drug cases.

Benefits and Conclusions

The expected benefits and outcomes is to increase the Serology and Drug Analysis Units’ capability to reduce backlog by providing for supplies and updated reference literature in the processing and analyzing of forensic evidence.

State Administering Agency Capabilities and Competencies

The Bureau of Statistics and Plans has been the State Administering Agency of the U.S. Department of Justice grants since the early 80s and has been the State Administering Agency for the Paul Coverdell Forensic Science Improvement Grants Program since 2006. The key personnel (Chief Planner, Planner IV (Detail), and Administrative Services Officer) directly involved in the grant has over 15 years in grant administrative background. All of the key staff have completed the online OJP financial management training and some have completed and or are taking the phase II DOJ Grant Financial Management Training for grants awarded on or after 12/26/14. As there is only one level of government and one police department, the Bureau collaborates with the Guam Police Department Forensic Science Division to prepare the Coverdell Grant application and 90% of the grant funds will be subgranted to the Guam Police Department Forensic Science Division.

The management structure of the Bureau of Statistics and Plans are illustrated as follows.

The Director of the Bureau oversees the Administrative Program, the Planning Information Program, the Business and Economic Statistics Program, the Socio-Economic Program, Land Use Planning Program, and Guam Coastal Management Program. The Bureau’s existing staffs within the Administrative Program and the Socio-Economic Planning Program will be
responsible for administering the programmatic and financial requirements of the Coverdell Grant Program, and the following staff will be involved in the grant program: Chief Planner (local), Planner IV-Detailed (local) as Planner IV, Planner II (local), Administrative Services Office (local), and Administrative Assistant (federal).

The Chief Planner is the overall project director and will be responsible for overseeing the administration of these funds, and ensuring the quarterly financial and semiannual programmatic reports are submitted by the due date. The Planner IV-Detail is responsible for managing the grant on a day to day basis to include preparing and uploading the semiannual progress report on the GMS by the due date, and obtaining the necessary project evaluation from the subgrantee, conducting the desk review and onsite programmatic review to ensure compliance with grant requirements and project activities. The Planner II is responsible for sending out the programmatic and financial reminder notice to the subgrantee, assist the Planner IV-Detail in preparing the progress report, track sub grantee financial activity on a quarterly basis and filing the reports. The Administrative Services Officer is responsible for preparing and submitting the quartering financial reports (269a) on the GMS by the due date and reviewing the subgrantee quarter financial reports. The Administrative Assistant is responsible for obtaining three price quotations, processing requisitions, and work request amendments.

Subrecipient Capabilities and Competencies

The Guam Police Department has been a recipient of federal funds as a direct recipient and as a sub grantee since the early 1990s; and the Guam Police Department Forensic Science Division has been a recipient of federal funds as a sub grantee since 2007. The key personnel involved in the Coverdell grant is the Chief Criminalist and the Guam Police Department Program Coordinator IV. The Chief Criminalist is the overall project director and is responsible
for the administration of the subgrant funds, the implementation of the project and to ensure the
timely submission of programmatic reports to the Bureau of Statistics and Plans, the State
Administrative Agency of the Coverdell Program. The Program Coordinator IV is responsible
for ensuring the quarterly financial reports are prepared and submitted 30 days after the quarter-
ends to the Bureau of Statistics and Plans and processing requisitions.

Upon the establishment and receipt of the grant award, the Guam Police Department’s
Forensic Science Division Chief Criminalist, Program Coordinator IV, and Department of
Administration General Services Agency (DOA-GSA) will collaborate to obtain the three price
quotations for the forensic supplies and the updated reference literature:

- The Serology Criminalist III will obtain three price quotations for the forensic supplies
  and submit a Form 9 to the Chief Criminalist for approval. Upon approval, Form 9 will
  be submitted to the Program Coordinator IV for encumbrance.

- The Chief Criminalist will obtain three price quotations for the reference literature and
  submit a Form 9 to the OIC in charge of the Forensic Science Division for approval.
  Upon approval, the Form 9 will be submitted to the Program Coordinator IV for
  encumbrance.

- The DOA-GSA will process the requisition for the forensic supplies and the reference
  literature based on the government of Guam procurement rules and regulations.

- The Chief Criminalist will be responsible for implementation of the forensic supplies
  and reference literature.

The following timeline is submitted to represent the proposed implementation of program
activities. Actual realized implementation may vary slightly due to the establishment of the
account and the additional time required in the competitive bidding process and recruitment.

*Plans for the Collection of Performance Measures Data*

To assist in fulfilling the State Administrative Agency’s responsibilities under the Government Performance and Results Act (GPRA), Public Law 103-62, the Guam Police Department’s Forensic Science Division will provide and report data that measures the results of the program. The Performance Measures are as follows:
<table>
<thead>
<tr>
<th>Objective</th>
<th>Performance Measures</th>
<th>Data Grantee Provides</th>
</tr>
</thead>
<tbody>
<tr>
<td>To improve the quality and timeliness of forensic services and to reduce the number of backlogged cases in forensic laboratories.</td>
<td>Outcome Measure 1. Reduction in the average number of days from sample submission to a forensic science laboratory to the delivery of test results to a requesting office or agency. 2. Percent reduction in the number of backlogged forensic cases. Output Measures 1. The number of forensic science or medical examiner/coroners office personnel who completed appropriate training or educational opportunities with FY 2017 Coverdell funds (if applicable to the grant).</td>
<td>1. Average number of days to process a sample at the beginning of the grant period. 2. Average number of days to process a sample at the end of the grant period. 3. Number of backlogged cases at the beginning of the grant period. 4. Number of backlogged cases at the end of the grant period. 5. Number of forensic science personnel attending training. 6. Number of medical examiner/coroners office personnel attending training programs.</td>
</tr>

</tbody>
</table>
In addition to the NIJ defined performance measures, several other performance measures including the total turn-around time and the analytical turn-around time will be monitored. Total turn-around time is the number of days between the submissions of a request to the laboratory to the reporting of the results to the requesting agency. The analytical turn-around time is the number of days from when the analyst begins the analysis of the evidence to the reporting of the results to the requesting agency. The change in turnaround time will be calculated every three months and compared this to the initial turn-around time at the beginning of the grant period. The change in the number of backlogged cases will be evaluated every three months.

The Bureau of Statistics and Plans will develop a data table that will encompass the five disciplines within the forensic laboratory. The data table along with the GPRA Coverdell Performance Measures will be provided to the Guam Police Department Forensic Science Division Chief Criminalist at the start date of the project. The Chief Criminalist is tasked with coordinating the collection of the data from each Unit within the Forensic Laboratory monthly. The Chief Criminalist will compile the data monthly, analyze the data quarterly and submits it to the Bureau fifteen days after the end of the calendar year quarter along with the quarterly progress report. The Chief Criminalist will ensure the data is accurate, auditable, and correctly measure the impact of the Federal funds provided. The data will be available for review 3 years after the grant has closed with the Bureau of Statistics and Plans, the State Administering Agency.
A. Personnel—List each position by title and name of employee, if available. Show the annual salary rate and the percentage of time to be devoted to the project. Compensation paid for employees engaged in grant activities must be consistent with that paid for similar work within the applicant organization.

<table>
<thead>
<tr>
<th>Position</th>
<th>Computation</th>
<th>Unit</th>
<th>Cost</th>
</tr>
</thead>
<tbody>
<tr>
<td>Not Applicable (N/A)</td>
<td></td>
<td></td>
<td>TOTAL PERSONNEL $0.00</td>
</tr>
</tbody>
</table>

B. Fringe Benefits—Fringe benefits should be based on actual known costs or an established formula. Fringe benefits are for the personnel listed category (A) and only for the percentage of time devoted to the project. Fringe benefits on overtime hours are limited to FICA, Workman’s Compensation, and Unemployment Compensation.

<table>
<thead>
<tr>
<th>Position</th>
<th>Computation</th>
<th>Unit</th>
<th>Cost</th>
</tr>
</thead>
<tbody>
<tr>
<td>Not Applicable (N/A)</td>
<td></td>
<td></td>
<td>TOTAL FRINGE BENEFITS $0.00</td>
</tr>
</tbody>
</table>

C. Travel—Itemize travel expenses of project personnel by purpose (e.g., staff to training, field interviews, advisory group meetings, etc. Show the basis of computation (e.g., six people 3-day training at $X airfare, $X lodging, $X subsistence). In training projects travel and meals for trainees should be listed separately. Show the number of trainees and unit cost involved. Identify the location of travel, if known. Indicate source of Travel Policies applied, Applicant or Federal Travel Regulations.

<table>
<thead>
<tr>

<th>Cost</th>
</tr>
</thead>
<tbody>
<tr>
<td>Not Applicable (N/A)</td>
<td></td>
<td></td>
<td>TOTAL TRAVEL $0.00</td>
</tr>
</tbody>
</table>

D. Equipment—List non-expendable items that are to be purchased. Non-expendable equipment is tangible property having a useful life of more than two years and an acquisition cost of $5,000 or more per unit. (Note: Organization’s own capitalization policy may be used for items costing less than $5,000). Expendable items should be included either in the “supplies” category or in the “Other” category. Applicants should analyze the cost benefits of purchasing versus leasing equipment, especially high cost items and those subject to rapid technical advances. Rented or leased equipment costs should be listed in the “Contractual” category. Explain how the equipment is necessary for the success of the project. Attach a narrative describing the procurement method to be used.

<table>
<thead>
<tr>

**TOTAL INDIRECT COSTS** $0.00
State Administrative Agency Cost

Guam’s State Administering Agency (SAA) is the Bureau of Statistics and Plans. The FY 2017 Paul Coverdell administrative funds will be used by the SAA to implement and administer the programmatic and financial aspects of the grant program; general agency operating expenses; to provide information to criminal justice agencies statewide and applicable entities on topics and emerging issues relevant to the Paul Coverdell Forensic Science Improvement program; and subgrant training, technical assistance, and resource materials.

Office Supplies

Printer supplies are needed for the general operations of the grant. The printer supplies will include two (2) HP Laserjet Printer Color Black Toners. The estimated budget cost is $486.

Subrecipient Contract Cost (Guam Police Department)

The Guam Police Department Forensic Science Division is the only U.S. Forensic Laboratory in the Western Pacific region. In addition to providing forensic services for Guam, it provides forensic services to local and federal enforcement entities in Guam, the Commonwealth of the Northern Mariana Islands, and throughout Micronesia. The Forensic Science Division consists of three distinct sections: Crime Scene Response Section (CSRS), Forensic Science Section (FSS) and the Evidential Control Section (ECS). The FY 2017 Paul Coverdell subrecipient funds will be used to enhance the Guam Police Department Forensic Science Division’s ability to improve and enhance the quality and timeliness of forensic science services in collecting and
processing forensic evidence in the Serology Unit and the processing of forensic evidence in the Drug Unit.

The Chief Criminalist, Forensic Science Division, Guam Police Department, is the overall project director and is responsible for the administration of the subgrant funds, the implementation of the project and to ensure the timely submission of programmatic reports to the Bureau of Statistics and Plans, the State Administrative Agency for the FY 2017 Paul Coverdell Forensic Science Improvement Grant Program. The Chief Criminalist has over 20 years of experience with the Forensic Science Division and has been involved with the grant administration of the Paul Coverdell Grant Program for over 6 years.

Forensic Supplies

Funds for supplies are needed for forensic supplies and reference literature for the Serology and Drug Analysis Units respectively in the analysis, processing, examination, and comparison of forensic evidence. The forensic supplies for the serology unit is of critical importance to ensure the Serology Unit's capability for confirming the presence of biological fluids in evidence submitted for analysis.

The following forensic supplies is requested: ten (10) HemaTrace: Human Blood Identification Kit (25 tests/kit) at $134.00 each; and seventeen (17) ABACard p30 Semen Identification Kit (25 tests/kit) at $131.00 each. Total estimated cost for forensic supplies is $3,567.

The reference material will be used as updated reference material to support the services of the laboratory. The reference materials currently available at the laboratory, though useful,
outdated and do not contain the latest technologies and analytical techniques currently practiced. Often prosecutors and defense attorneys will request access to the forensic library and reference materials. The laboratory needs to ensure that the latest reference material for the Drug Analysis Unit has an updated reference literature for the analysis of current and backlog forensic drug cases and to keep abreast with current trends and ensure quality of work.

The following reference material is requested Clarke's Analysis of Drugs and Poisons, 4th Edition. Total estimated cost for the reference material is $809.
Financial Management and Systems of Internal Controls Questionnaire

FY 2017 Paul Coverdell Forensic Science Improvement Grant Program
The financial management system of each non-Federal entity must provide for the following:
- Retention requirements for records
- Requests for transfer of records
- Methods for collection, transmission and storage of information
- Access to records
- Restrictions on public access to records

1. Identification, in its accounts, of all Federal awards received and expended and the Federal programs under which they were received, Federal program and Federal award identification must include, as applicable, the CFDA title and number, Federal award identification number and year, name of the Federal agency, and name of the pass-through entity, if any.

2. Accurate, current, and complete disclosure of the financial results of each Federal award or program.

3. Records that identify adequately the source and application of funds for federally-funded activities. These records must contain information pertaining to Federal awards, authorizations, obligations, unobligated balances, assets, expenditures, income and interest and be supported by source documentation.

4. Effective control over, and accountability for, all funds, property, and other assets. The non-Federal entity must adequately safeguard all assets and assure that they are used solely for authorized purposes.

5. Comparison of expenditures with budget amounts for each Federal award.

6. Written procedures to document the receipt and disbursement of Federal funds including procedures to minimize the time elapsing between the transfer of funds from the United States Treasury or the pass-through entity and the disbursement by the non-Federal entity whether the payment is made by electronic funds transfer, or issuance or redemption of checks, warrants, or payment by other means.

7. Written procedures for determining the allowability of costs.

**APPLICANT ORGANIZATIONAL INFORMATION**

   513 W Marine Corp Dr.
   Hagatna, GU 96910

2. Authorized Representative's Name and Title: Manuel Q. Cruz, Deputy Director

3. Phone: 671 - 472 - 4201 ext. 4. Fax: 671 - 477- 1812 5. Email: manny.cruz@bsp.guam.gov

6. Year Established: 1975
7. Employer Identification Number (EIN): 98 - 18947
8. DUNS Number: 77 - 890 - 4292

9. Type of Organization:
   - [ ] State
   - [ ] Municipality
   - [ ] Non-Profit
   - [ ] Higher Education
   - [ ] Tribal
   - [ ] For-Profit
   - [ ] Other
AUDIT INFORMATION

An audit is conducted using generally accepted auditing standards (GAAS) or Generally Accepted Governmental Auditing Standards (GAGAS) and results in an audit report with an opinion.

10. The organization has had the undergone the following types of audit(s) (Please check all that apply):
- [ ] OMB A-133 Single Audit
- [ ] Financial Statement Audit
- [ ] Defense Contract Agency Audit (DCAA)
- [ ] None
- [ ] Programmatic Audit & Agency: ____________________________
- [ ] Other Audit & Agency: ____________________________

11. Fiscal Year of Last Audit: 2015
Name of Audit Agency/Firm: DELOITTE & TOUCHE, LLP

AUDITOR’S OPINION:

12. On the most recent audit, what was the auditor’s opinion?
- [ ] Unqualified Opinion
- [ ] Qualified Opinion
- [ ] Disclaimer, Going Concern or Adverse Opinions

Please enter the number of findings: 1
Please enter the amount of questioned costs: $348
Were material weaknesses noted in either the Financial Statement or Single Audit?  [ ] Yes [x] No

ACCOUNTING SYSTEM

13. Which of the following best describes your accounting system:
- [ ] Manual
- [ ] Automated
- [ ] Combination

14. Does the accounting system identify the receipt and expenditure of program funds separately for each grant? [x] Yes [ ] No [ ] Not Sure

15. Does the accounting system provide for the recording of expenditures for each grant/contract by budget cost categories shown in the approved budget? [x] Yes [ ] No [ ] Not Sure

16. Does your accounting system have the capability to document the recording of cost sharing or match for each grant? Can you determine if documentation is available to support recorded match or cost share? [x] Yes [ ] No [ ] Not Sure

17. Are time distribution records maintained for each employee that specifically identify effort charged to a particular grant or cost objective? [x] Yes [ ] No [ ] Not Sure

18. Does the accounting/financial system include budgetary controls to preclude incurring obligations or costs in excess of total funds available or by budget cost category (e.g. Personnel, Travel, etc.)? [x] Yes [ ] No [ ] Not Sure

19. Is the organization familiar with the existing Federal regulation and guidelines containing the Cost Principles and procedures for the determination and allowance of costs in connection with Federal grants? [x] Yes [ ] No [ ] Not Sure

Standard Form LLL (Rev. 7-97)
U.S. DEPARTMENT OF JUSTICE
OFFICE OF JUSTICE PROGRAMS
NATIONAL INSTITUTE OF JUSTICE

FY 2017 Coverdell Forensic Science Improvement
Grants Program

Certification as to Plan for Forensic Science Laboratories—
Application from a State (Guam)

On behalf of the applicant agency named below, I certify the following to the National Institute of Justice, Office of Justice Programs, U.S. Department of Justice:

The State has developed a plan for forensic science laboratories under a program intended to improve the quality and timeliness of forensic science or medical examiner services in the State, including such services provided by the laboratories operated by the State and those operated by units of local government within the State.

I acknowledge that a false statement in this certification or in the grant application that it supports may be the subject of criminal prosecution, including under 18 U.S.C. § 1001 and 42 U.S.C. § 3795a. I also acknowledge that Office of Justice Programs grants, including certifications provided in connection with such grants, are subject to review by the Office of Justice Programs and/or by the Department of Justice’s Office of the Inspector General.

I have authority to make this certification on behalf of the applicant agency (that is, the agency applying directly to the National Institute of Justice).

FY 2017 Coverdell Forensic Science Improvement
Grants Program

Certification as to Forensic Science Laboratory System Accreditation

On behalf of the applicant agency named below, I certify the following to the National Institute of Justice,
Office of Justice Programs, U.S. Department of Justice:

Before receiving any funds under this grant, any forensic science laboratory system in the
State, including any laboratory operated by a unit of local government within the State,
that will receive any portion of the grant amount either

a) is accredited by an accrediting body that is a signatory to an internationally
recognized arrangement and that offers accreditation to forensic science conformity
assessment bodies using an accreditation standard that is recognized by that
internationally recognized arrangement, or

b) is not so accredited, but will (or will be required in a legally binding and enforceable
writing to) use a portion of the grant amount to prepare and apply for such
accreditation not more than 2 years after the date on which a grant is awarded under
the FY 2017 Paul Coverdell Forensic Science Improvement Grants Program.

I acknowledge that a false statement in this certification or in the grant application that it supports may be
the subject of criminal prosecution, including under 18 U.S.C. § 1001 and 42 U.S.C. § 3795a. I also
acknowledge that Office of Justice Programs grants, including certifications provided in connection with
such grants, are subject to review by the Office of Justice Programs and/or by the Department of Justice’s

MAR 8 2017
Date
On behalf of the applicant agency named below, I certify the following to the National Institute of Justice, Office of Justice Programs, U.S. Department of Justice:

A government entity exists and an appropriate process is in place to conduct independent external investigations into allegations of serious negligence or misconduct substantially affecting the integrity of the forensic results committed by employees or contractors of any forensic laboratory system, medical examiner's office, coroner's office, law enforcement storage facility, or medical facility in the State that will receive a portion of the grant amount.

I personally read and reviewed the section entitled "Eligibility" in the Fiscal Year 2017 program solicitation for the Coverdell Forensic Science Improvement Grants Program. I acknowledge that a false statement in this certification or in the grant application that it supports may be the subject of criminal prosecution, including under 18 U.S.C. § 1001 and 42 U.S.C. § 3795a. I also acknowledge that Office of Justice Programs grants, including certifications provided in connection with such grants, are subject to review by the Office of Justice Programs and/or by the Department of Justice's Office of the Inspector General.

I have authority to make this certification on behalf of the applicant agency (that is, the agency applying directly to the National Institute of Justice).

MAR 08 2017
Date
FY 2017 Coverdell Forensic Science Improvement Grants Program

Attachment: External Investigations

The “Certification as to External Investigations” that is submitted on behalf of the applicant agency as part of this application certifies that—

A government entity exists and an appropriate process is in place to conduct independent external investigations into allegations of serious negligence or misconduct substantially affecting the integrity of the forensic results committed by employees or contractors of any forensic laboratory system, medical examiner’s office, coroner’s office, law enforcement storage facility, or medical facility in the State that will receive a portion of the grant amount.

Prior to receiving funds, the applicant agency (that is, the agency applying directing to the National Institute of Justice) must provide—for each forensic laboratory system, medical examiner’s office, coroner’s office, law enforcement storage facility, or medical facility that will receive a portion of the grant amount—the name of the “government entity” (or entities) that forms the basis for the certification. Please use the template below to provide this information. (Applicants may adapt this template if necessary, but should ensure that the adopted document provides all required information.)

IMPORTANT NOTE: If necessary for accuracy, list more than one entity with respect to each intended recipient of a portion of the grant amount. For example, if no single entity has an appropriate process in place with respect to allegations of serious negligence as well as serious misconduct, it will be necessary to list more than one entity. Similarly, if no single entity has an appropriate process in place with respect to allegations concerning contractors as well as employees, it will be necessary to list more than one entity.

Additional guidance regarding the “Certification as to External Investigations” appears in the “Eligibility” section of the program for the FY 2017 Coverdell program.

- Provide direct oversight in coordinating the review of Guam’s participation and involvement in national and regional organization to ensure Guam participates by providing its input into national and regional policies.
- Applies for and administers the Edward Byrne Justice Assistance Grant Program.
- Applies for and administers the Paul Coverdell Forensic Science Improvement Grant Program.
- Coordinate and prepare Guam’s Multi Year Strategy for Drug Control, Violent Crime and Criminal Justice System Improvement.

Interim Administrator

December 16, 2013 to July 8, 2014

Bureau of Statistics and Plan
Guam Coastal Management Program

Government of Guam

Coastal Management Program Supervisor:

- Supervise the day to day operations of the Guam Coastal Management Program and the Land Use Planning Program (LUPP) in the following:
  - by providing direct oversight in the administration of all activities of the Guam Coastal Management Program to include administering the Coral Reef Conservation Program Cooperative Agreement, the Department of Interior Coral Reef Initiative Management Grant Program, the U.S. Geology Survey, and the Coastal Zone Management Act in the network coordination, development, policy and legislative efforts, federal consistency, master planning efforts, public outreach and education, and Section 309 Implementation.
  - by directing all Guam Coastal Management Program staff in the application of GCMP local and federal policy, law and rules and regulation in review and recommendation on development application and federal consistency by reviewing final products for completeness, professionalism, timeliness and accuracy.
  - by directing all GCMP staff, Land Use Planning staff, and Coral Reef staff in the implementation of the Coastal Zone Management Act and Coral Reef Conservation Program Cooperative Agreement tasks.

- Monitors staff progress on assigned tasks and provides direction on improving product deliverables. Conducts mid performance employee performance evaluation with subordinate staff and provides recommendation to the Director. Counsels subordinate staff on personnel problems and work related issues as necessary.

- Provides recommendations and directs input to the Director in the formulation and development of plans, policies, and studies that further the Guam Coastal Management Program.

Coastal Zone Management Act

- Oversee the Grant Administration of the Coastal Zone Management Act in the development of
the application and implementation of the tasks identified in the grant.
- Administer the programs projects and activities of the Guam Coastal Management Program to include Networking, Development, Policy, and Legislative Efforts, Master Planning Efforts, Federal Consistency Efforts, Public Outreach and Education, and Section 309.
- Oversee the review and analysis of land use, federal consistency, and coastal planning projects to ensure compliance with applicable federal and local requirements and guidelines.
- Review draft Application Review Committee correspondence prepared by Senior Planners comments to ensure consistency with the local and federal requirements for the Director signature.
- Review and prepare grant reprogramming requests and revised scope of work for the Director signature for formal submission on the NOAA grants online system.

Coral Reef Conservation Program Cooperative Agreement

- Oversee the Grant Administration of the Coral Reef Conservation Program Cooperative Agreement, the development of the application and implementation of the projects funded.
- Review and prepare grant reprogramming requests and scope of works for projects and personnel for the Director signature for formal submission on the NOAA grants online system.

Coral Reef Initiative Management Grant

- Oversee the Grant Administration of the Coral Reef Conservation Program Cooperative Agreement the development of the application and implementation of the projects funded.
- Review and prepare grant reprogramming requests for the Director signature for formal submission on the grants management system.

Land Use Planning Program

- Oversee the development of mapping tools and products to assist BSP's planners and other government entities in reviewing and planning for the wide range of land use, socio-economic, and environmental issues it is tasked.

Planner IV - Acting Detail
Bureau of Statistics and Plan
Socio-Economic Planning Program
Government of Guam

- Provide direct oversight over the Socio Economic Planning Program.
- Provide direct oversight over the planning, development, coordination and implementation of the U.S. Department of Justice grants, DOI, and NOAA grants.
- Provide direct oversight in the development, implementation, planning support and technical assistance in the areas of criminal justice planning, economic development planning, fisheries development planning, evaluation of federal grants for intergovernmental review to ensure plans and updates to plans are prepared and submitted to the requesting agency.
- Provide direct oversight in coordinating the review of Guam's participation and involvement in national and regional organization to ensure Guam participates by providing it's input into national and regional policies.
- Applies for and administers the Edward Byrne Justice Assistance Grant Program.
- Applies for and administers the Paul Coverdell Forensic Science Improvement Grant Program.
- Coordinate and prepare Guam's Multi Year Strategy for Drug Control, Violent Crime and Criminal Justice System Improvement.
Planner III
January 30, 1999 to October 23, 2011
Bureau of Statistics and Plan
Socio-Economic Planning Program
Government of Guam

- Applies for and administers the Edward Byrne Justice Assistance Grant Program.
- Applies for and administers the Paul Coverdell Forensic Science Improvement Grant Program.
- Coordinate and prepare Guam's Multi Year Strategy for Drug Control, Violent Crime and Criminal Justice System Improvement.
- Prepare and submits Guam's Annual Evaluation Report to the Bureau of Justice Assistance describing the program activities, performance metrics, and evaluation findings of Byrne funded projects, and how the Byrne funds have impacted Guam's criminal justice agencies by reviewing and evaluating all sub grantees annual performance narrative reports by the due date.
- Conduct annual programmatic evaluations of the JAG and Coverdell sub grantees to monitor the quality of the programmatic activities and financial expenditures to determine if the project is progressing and is achieving its intended results; to identify and disseminate information about projects of proven effectiveness so that this project can be replicated locally or nationally.
- Oversee the planning, development and implementation of Guam’s Sex Offender Registry by providing technical assistance to the Sex Offender Registry Committee in developing and reviewing Guam’s proposed registry statute to ensure that is in compliance with the federal mandates so Guam does not lose federal funds.
- Lead the development of the Guam’s Sex Offender Registry Standard Operating Procedures to ensure the responsible agencies involved in carrying out the legislation comprehend their responsibilities and implement the legislation. Drafted the SOP based on the legislation, then facilitated meetings to bring the responsible agencies together to review the draft SOP in order to finalize the document.
- Assist in the amendments to the language in Public Law 28-77 to strengthen Guam’s sex offender registration and notification program requirements; and to ensure the language mirror the procedures developed and in place.
- Coordinate and ensure that Guam’s Sex Offender Registry Plan under the National Sex Offender Registry Program (NSOR) which is administered by the Superior Court of Guam is consistent with Guam’s goals of establishing and developing a Sex Offender and Notification Registry System; and to interface with the FBI’s NCIC 2000.
- Collect, organize, analyze and prepare materials in response to reports, plans and projects related to criminal justice issues by the due date.
- Establish, consult and maintain contacts with appropriate representatives from Government of Guam’s criminal justice agencies, federal local law enforcement officials, legislature, U.S. Department of Justice officials, and states receiving funds from the Edward Byrne Justice Assistance Grant Program in order to identify and stay abreast of criminal justice issues that may have a potential importance to the Island; and to collect descriptive and analytical data, as well as staying abreast of developments and changes in the federal laws, regulations and congressional bills that will impact the Byrne JAG Fund.
- Request for Proposals: Conduct evaluation and rating of Request for Proposals for the Department of Mental Health and Substance Abuse, the Department of Corrections, and the Customs and Quarantine Agency.
- Plan and supervise the development and formulation of the Bureau of Statistics and Plans Performance Based Budget and Strategic Plan for submission to the Bureau of Budget and Management Research by the due date.
- Collaborate with each Division within the Bureau to define the task and activities within each Division to create the Percentage, Hours, Task and Activities Table to formulate the PBB spreadsheet template using Excel.
- Oversee the preparation of the Bureau of Statistics and Plans Strategic Performance Based Budget for Fiscal Year 2009 and Fiscal Year 2010 for submission to the BBMR by the due date.
Technical Reviews:

- Guam State Clearinghouse Review - Thoroughly assess criminal justice federal grant in aid applications and State Plans, amendments and other federal commitments to ensure consistency with territorial policies, goals, and objectives; adherence with applicable federal and local statutes, guidelines, and regulations pertaining to the grant.

Conduct research and analysis, and collect data, if necessary, in order to evaluate program effectiveness in addressing a territorial need; impact upon the Territory's socio-economic development; weakness or problems that may arise through program implementation.

Consult and alert applicant agencies with findings or anticipated problems, making all attempts to assist in resolving the problem through recommended adjustments, development and improvement in program implementation.

Prepare written comments and make recommendations on whether the application should be approved, disapproved or conditionally approved by the Guam State Clearinghouse by the due date.

- Proposed Legislation Review – Review proposed criminal justice related local legislation that impacts the Bureau's areas of responsibility. Determine positive and negative impacts upon the Territory's present and future development. Prepare, as required, written comments, recommendations or testimony for the Director with concern for clarity, conciseness and consistency.

- Assisted the Judiciary of Guam in the development and review of the 2007 Comprehensive Approach to Sex Offender Registry (CASOM), 2008 Guam Sex Offender SMART Program, and 2011 Adam Walsh Act Implementation Grant. These are discretionary funds and the Judiciary of Guam application was approved.

Planner I
Bureau of Planning
Socio-Economic Planning Program
Government of Guam

- June 29, 1991 to January 29, 1999

P.O. Box 2850
Hagatna, Guam 96932
• Assists the Senior Planner in the development of the Government of Guam Feasibility Office Space Study by determining descriptive and analytical data requirements and determine data sources required for adequate planning organization, and interpretation. Develop the survey instrument to be used to gather the data from the government agencies leasing office space. Distribute and collect the survey instrument received by the government agencies leasing office space. Follow up the agencies on incomplete forms submitted. Establish and maintain contact with Government of Guam line and autonomous agencies in order to identify and stay abreast of current office space information; and to collect descriptive and analytical data. Identify and analyze charts, tables, and graph that are required to best portray the data and information collected from the survey. Prepare a written assessment of the Executive Branches utilization of office space. Develop and prepare the Feasibility Office Space Studies by the due date.

I. Supervision of day to day operations of the Socio Economic Planning Program:

- Oversight over the coordination and implementation of the following U.S. Department of Justice grants: Edward Byrne Justice Assistance Grant Program, Paul Coverdell Forensic Sciences Improvement Grant Program, Residential Substance Abuse Treatment Program and the Prison Rape Elimination Act Grant Program;
- Oversight in the development, implementation, planning support and technical assistance in the areas of criminal justice planning, economic development planning, and evaluation of federal grants for intergovernmental review;
- Provide recommendations, comments, briefs to the Director in the formulation and development of plans, policies, and studies that further economic, social and environmental goals.
Represent the Bureau in meetings with government agencies and community representatives in the formulation and development of plans, policies, and studies of a socio-economic nature.

II. Edward Byrne Justice Assistance and Paul Coverdell Forensic Science Improvement Grant Programs

- Provide grant administration of the Edward Byrne Justice Assistance Grant Program and Paul Coverdell Forensic Sciences Improvement Grant Program in the implementation of funded projects.
- Monitor subrecipients’ compliance with all special conditions and provisions; and provide ongoing assistance to subrecipients to ensure continued implementation of approved projects and expenditure of federal funds in a timely manner, to include on-site monitoring assessments of funded subawards.
- Monitor and evaluate through desk top review of sub grant files and telephone conference on the administration and operation of the grants to ensure programs are being implemented consistent with grant requirements and funds expended by the grant expiration dates.
- Review and prepare grant reprogramming requests for the Director signature.
- Review quarterly financial reports by subrecipients to verify that items expended and or encumbered are consistent with the projects approved budget; access the AS400 Financial System to ensure the reports are consistent and validated on a quarterly basis.
- Prepare and submit quarterly performance metrics reports and annual sub-grant information to DOJ by the due date.
- Collect, organize, analyze and prepare materials in response to reports, plans and projects related to criminal justice issues by the due date.
- Ensure subrecipients comply with Office of Civil Rights requirements in the bi-annual update of their Equal Employment Opportunity Plan (EEOP); update of their Limited English Proficient Plan (LEP); and notification of adverse findings of discrimination against their organization to the Office of Civil Rights for review.
- Represent the Bureau at the monthly Criminal Justice Automation Commission meetings in the implementation of Guam’s Criminal Justice Records Improvement Plan; establish, consult and maintain contacts with appropriate representatives from Government of Guam’s criminal justice agencies, federal law enforcement agencies, U.S. Department of Justice officials to keep informed of policy and procedural changes that will impact Office of Justice resources coming to Guam.
- Represent the Bureau at meetings and on online webinar sessions pertaining to updates or changes in program requirements or guidelines regarding the Byrne JAG and Coverdell Grant Programs.
III. Residential Substance Abuse Treatment (RSAT) for State Prisoners Grant Program

- Review and analyze RSAT funding solicitation requests. Coordinate with Guam Department of Corrections and Guam Behavioral Health and Wellness Center of available federal funds in a timely manner.
- Develop project proposal guidelines following federal and program guidelines and mandates for project solicitation.
- Assess project proposal submitted to ensure applicability with federal guidelines and mandates and ensure federal funds are used to enhance other federally funded projects or used to meet unmet needs.
- Develop and prepare budget breakdown for recommendation and non-recommendation of budget items proposed for funding to ensure reasonableness in the request and direct support and implementation of the project.
- Prepare grant application for submission to the U.S. Department of Justice, Bureau of Justice Assistance and all other relevant correspondences; ensure Guam State Clearinghouse procedures are complied in the submission of the grant application.
- Prepare Memorandum of Understanding, Special Conditions, and related certification documents for subaward and provide documents to funded department in a timely manner.
- Ensure federal funds are expended according to approved budgets; monitor subrecipients' compliance with all special conditions and provisions; prepare reprogram requests for Directors signature that meet project needs and maximization of funds; monitor progress of funded project and funded project and expenditure of funds in a timely manner, to include on-site monitoring assessments.
- Coordinate with funded entity for progress and financial reports; review reports and other data as required; prepare and submit quarterly performance metrics reports and semi-annual progress reports to DOJ by the due date; access the AS400 Financial System to ensure the reports are consistent and validated on a quarterly basis.
- Conduct site visits to discuss programmatic activities, issues or concerns impacting the project; assess project file records to ensure program and financial records are maintained and verify expenditures are appropriate with the project’s approved budget.
- Ensure recipient comply’s with Office of Civil Rights requirements in the bi-annual update of their Equal Employment Opportunity Plan (EEOP); update of their Limited English Proficient Plan (LEP); and notification of adverse findings of discrimination against their organization to the Office of Civil Rights for review.
- Represent the Bureau at conferences and meetings and on online webinar sessions pertaining to updates or changes in program requirements or guidelines regarding the RSAT Grant Program.
IV. Prison Rape Elimination Act Grant Program

- Coordinate with Guam Department of Corrections on the development of the grant application for program funds and operations budget in accordance with federal and program guidelines and mandates.
- Develop project proposal guidelines following federal and program guidelines and mandates for project solicitation.
- Assess project proposal submitted to ensure applicability with federal guidelines and mandates and ensure federal funds are used to enhance other federally funded projects or used to meet unmet needs.
- Prepare grant application for submission to the U.S. Department of Justice, Bureau of Justice Assistance and all other relevant correspondences.
- Prepare Memorandums of Understanding, Special Conditions, and related certification documents for subaward and provide documents to funded department in a timely manner.
- Ensure federal funds are expended according to approved budgets; monitor progress of funded projects; prepare reprogram requests to meet project needs and maximize funds.
- Coordinate with funded entity for progress and financial reports; review reports and other data as required.
- Prepare and submit before due date progress reports to U.S. Department of Justice, Bureau of Justice Assistance and other related correspondence as required; coordinate with subrecipient for the compilation of data into the Performance Measurement Tool.
- Conduct site visits to discuss programmatic activities, issues or concerns impacting the project; assess project file records to ensure program and financial records are maintained and verify expenditures are appropriate with the project’s approved budget.

V. Guam State Clearinghouse Review: Federal Grant Application

- Intergovernmental review applications are received from Guam State Clearinghouse, logged in a table spreadsheet to track funding request, assigned staff review, required dates, and type of grant request; assign application to appropriate planning division depending on area of expertise and knowledge.
- Thoroughly review federal grant applications and state plans, amendments and other federal commitments affecting local programs and projects to ensure consistency with Guam’s policies, goals, and objectives; adherence with applicable federal and local statutes, guidelines, and regulations pertaining to the grant.
- Conduct research and analysis, and collect data, if necessary, in order to evaluate program effectiveness in addressing a territorial need; impact upon the territory's socio-economic development; weakness or problems that may arise through program implementation.
- Consult and alert applicant agencies with findings or anticipated problems, making all attempts to assist in resolving the problem through recommended adjustments, development and improvement in program implementation.
- Prepare written comments and make recommendations on whether the application should be approved, disapproved or conditionally approved by the Guam State Clearinghouse by the due date.
- Track status of the Bureau's review of applications to ensure Guam State Clearinghouse due dates are met in a timely manner.

PLANNER III
Bureau of Statistics and Plans
February 2003 – December 27, 2016

I. Residential Substance Abuse Treatment (RSAT) for State Prisoners Grant Program

- Review and analyze the RSAT funding solicitation request. Coordinate with Guam Department of Corrections and Guam Behavioral Health and Wellness Center of available federal funds in a timely manner.
- Develop project proposal guidelines following federal and program guidelines and mandates for project solicitation.
- Assess project proposal submitted to ensure applicability with federal guidelines and mandates and ensure federal funds are used to enhance other federally funded projects or used to meet unmet needs.
- Develop and prepare budget breakdown for recommendation and non-recommendation of budget items proposed for funding to ensure reasonableness in the request and direct support and implementation of project.
- Prepare grant application for submission to the U.S. Department of Justice, Bureau of Justice Assistance and all other relevant correspondences; ensure Guam State Clearinghouse procedures are complied in the submission of the grant application.
- Prepare Memorandums of Understanding, Special Conditions, and related certification documents for subaward and provide documents to funded department in a timely manner.
- Ensure federal funds are expended according to approved budgets; monitor subrecipients' compliance with all special conditions and provisions; prepare reprogram
requests for Directors signature that meet project needs and maximize funds; monitor progress of funded project and provide ongoing assistance to subrecipient to ensure continued implementation of the funded project and expenditure of funds in a timely manner.

- Coordinate with funded entity for progress and financial reports; review reports and other data as required; prepare and submit quarterly performance metrics reports and semi-annual progress reports to DOJ by the due date; access the AS400 Financial System to ensure the reports are consistent and validated on a quarterly basis.

- Conduct site visits to discuss programmatic activities, issues or concerns impacting the project; assess project file records to ensure program and financial records are maintained and verify expenditures are appropriate with the project’s approved budget.

- Ensure recipient comply’s with Office of Civil Rights requirements in the bi-annual update of their Equal Employment Opportunity Plan (EEOP); update of their Limited English Proficient Plan (LEP); and notification of adverse findings of discrimination against their organization to the Office of Civil Rights for review.

- Represent the Bureau at conferences and meetings and in online webinar sessions pertaining to updates or changes in program requirements or guidelines regarding the RSAT Grant Program.

II. Prison Rape Elimination Act Grant Program

- Coordinate with Guam Department of Corrections on the development of the grant application for program funds and operations budget in accordance with federal and program guidelines and mandates.

- Develop project proposal guidelines following federal and program guidelines and mandates for project solicitation.

- Assess project proposal submitted to ensure applicability with federal guidelines and mandates and ensure federal funds are used to enhance other federally funded projects or used to meet unmet needs.

- Prepare grant application for submission to the U.S. Department of Justice, Bureau of Justice Assistance and all other relevant correspondences.

- Prepare Memorandums of Understanding, Special Conditions, and related certification documents for subaward and provide documents to funded department in a timely manner.

- Ensure federal funds are expended according to approved budgets; monitor progress of funded projects; prepare reprogram requests to meet project needs and maximize funds.
- Coordinate with funded entity for progress and financial reports; review reports and other data as required.
- Prepare and submit before due date progress reports to U.S. Department of Justice, Bureau of Justice Assistance and other related correspondence as required; coordinate with subrecipient for the compilation of data into the Performance Measurement Tool.
- Conduct site visits to discuss programmatic activities, issues or concerns impacting the project; assess project file records to ensure program and financial records are maintained and verify expenditures are appropriate with the project's approved budget.

III. Project Safe Neighborhoods Grant Program

- Coordinate with U.S. Attorney's Office on the development of the grant application for program funds and operations budget in accordance with federal and program guidelines and mandates.
- Coordinate with U.S. Attorney's Office to inform eligible government entities, non-profit and faith-based organizations of available federal funds in a timely manner.
- Develop project proposal guidelines following federal and program guidelines and mandates for project solicitation.
- Assess project proposals submitted to ensure applicability with federal guidelines and mandates and ensure federal funds are used to enhance other federally funded projects or used to meet unmet needs.
- Develop and prepared budget breakdown for recommendation to the PSN Selection Committee for approval.
- Prepare grant application for submission to the U.S. Department of Justice, Bureau of Justice Assistance and all other relevant correspondences.
- Prepare Memorandums of Understanding, Special Conditions, and related certification documents for subawards and provided documents to funded departments in a timely manner.
- Ensure federal funds are expended according to approved budgets; monitor progress of funded projects; prepare reprogram requests to meet project needs and maximize funds.
- Coordinate with funded entities or organizations for progress and financial reports; review reports and other data as required.
- Prepare and submit before due date progress reports to U.S. Department of Justice, Bureau of Justice Assistance and other related correspondence as required.
- Conduct site visits to discuss programmatic activities, issues or concerns impacting the project; assess project file records to ensure program and financial records are maintained and verify expenditures are appropriate with the project's approved budget.
IV. Guam State Clearinghouse Review: Federal Grant Application

- Intergovernmental review applications are received from Guam State Clearinghouse, logged in a table spreadsheet to track funding request, assigned staff review, required dates, and type of grant request; assign application to appropriate planning division depending on area of expertise and knowledge.
- Thoroughly review federal grant applications and state plans, amendments and other federal commitments affecting local programs and projects to ensure consistency with Guam’s policies, goals, and objectives; adherence with applicable federal and local statutes, guidelines, and regulations pertaining to the grant.
- Conduct research and analysis, and collect data, if necessary, in order to evaluate program effectiveness in addressing a territorial need; impact upon the territory’s socio-economic development; weakness or problems that may arise through program implementation.
- Consult and alert applicant agencies with findings or anticipated problems, making all attempts to assist in resolving the problem through recommended adjustments, development and improvement in program implementation.
- Prepare written comments and make recommendations on whether the application should be approved, disapproved or conditionally approved by the Guam State Clearinghouse by the due date.
- Track status of the Bureau’s review of applications to ensure Guam State Clearinghouse due dates are met in a timely manner.

V. Comprehensive Economic Development Strategy (CEDS)

- Collaborate with the Guam Economic Development Authority and the Comprehensive Economic Development Strategy (CEDS) Committee in developing the annual update to Guam's Comprehensive Economic Development Strategy.
- Provide professional and technical support to GEDA for the CEDS; coordinate correspondences, meetings and other pertinent data or information as required to GEDA and CEDS Committee members for informed decision making on significant changes in Guam’s economic conditions as it pertains to unemployment and per capita income; new projects for funding consideration not addressed in the 2011 CEDS Plan; and performance measures of EDA funded projects as a result of the 2011 CEDS.
- Analyze economic statistical data and trends, and identify new projects for inclusion in the approved list of projects in the CEDS Strategy to enable the Government of Guam to apply for federal funds from the U.S. Economic Development Administration.
- Prepare annual update to U.S. EDA that addresses the significant changes in Guam’s economic conditions; and new project proposal request for consideration and inclusion in the list of approved projects in the CEDS Plan.

VI. Marine Conservation Plan

- Collaborate with the Guam Department of Agriculture and fisheries stakeholders in developing the tri-annual update to Guam’s Marine Conservation Plan.
- Provide professional and technical support to Department of Agriculture for the Marine Conservation Plan; coordinate correspondences, meetings and other pertinent data or information as required for fisheries stakeholders to make informed decision making on significant changes in Guam’s marine conservation plan as it pertains to fisheries management and protection of resources; development of new projects for funding consideration not addressed in the 2014 MCP; and performance measures of MCP funded projects as a result of the 2014 MCP.
- Analyze statistical data and trends, and identify new projects for inclusion in the approved list of projects in the MCP to enable the Government of Guam to receive funding from the Pacific Insular Area Fishery Agreement (PIAFA) and the Western Pacific Sustainable Fisheries Fund.
- Ensure plan update is submitted meeting required timelines for the Governor’s review and approval, submission to Western Pacific Regional Fishery Management Council (Council) summer meeting in reference to the announcement in the Federal Register as an approved agenda, the review and approval of the Council and final approval from the National Marine Fishery Services approval and for announcement in the Federal Register.

VII. Citizen Centric Report (CCR)

- Coordinate the annual development of the Citizen Centric Report (CCR) for accountability regarding the financial condition and performance of the Bureau of Statistics and Plans.
- Compile analytical, descriptive data required and analyze, interpret data and prepare written and graphic presentation of information regarding the Bureau’s fiscal and programmatic performance in accordance with the requirements of the Citizen Centric Report.
- Develop the Citizen Centric Report according to guidelines and submit to the Legislature and the Office of Public Accountability before required due date.
VIII. Development Plans, Studies and Technical Projects

- Coordinate and provide direct planning support to the Modernization and Rightsizing Commission of the Government of Guam for the 21st Century (COMRIGHT-21) for improved government operations and services.
- Provide Secretariat support to the Commission; review and assess analytical, descriptive data as required to ensure comprehensive planning and sound analysis for the reorganization of the Government of Guam.
- Coordinate with Task Force Committee Chair and various Subcommittees on types of analytical, descriptive data required to ensure comprehensive planning, sound analysis and development of the Civilian/Military Task Force Strategic Plan.
- Participate in the development, research, and compilation of analytical, descriptive data required by task forces, commissions, departments, agencies to ensure comprehensive planning and development of socio-economic issues.
- Analyze, interpret data and prepare written and graphic presentation of findings and recommendations.
- Attend meetings scheduled by task forces, commissions, departments, and agencies as related to the development of comprehensive plans and studies.

IX. Juvenile Drug Court Evaluation Plan

- Review, develop research design and select methodology for the Juvenile Drug Court Evaluation Plan, including specifications of the types of data to be analyzed.
- Confer with Superior Court staff on types of analytical, descriptive data required to ensure comprehensive planning, sound analysis and development of the Evaluation Plan.
- Observe drug court hearings and staff meetings to evaluate program operations and implementation procedures for compliance with grant policies and procedures.
- Develop, conduct survey questionnaires and field interviews to assess program impact and improve program effectiveness.
- Analyze, interpret data and prepare Juvenile Drug Court Evaluation Plan with written and graphic presentation of findings and recommendations to Superior Court officials on ways to improve program operations and effectiveness.
I. Juvenile Drug Court Evaluation Plan

- Reviewed, developed research design and selected methodology for the Juvenile Drug Court Evaluation Plan, including specifications of the types of data to be analyzed.
- Conferred with Superior Court staff on types of analytical, descriptive data required to ensure comprehensive planning, sound analysis and development of the Evaluation Plan.
- Observed drug court hearings and staff meetings to evaluate program operations and implementation procedures for compliance with grant policies and procedures.
- Developed survey questionnaires and field interviews to assess program impact and improve program effectiveness.

II. Guam Federal Grants Review

- Developed, researched and compiled information on federal grants, grant administrators, and program coordinators government-wide to assist in the planning, coordination and implementation of an information data base system of active Government of Guam Federal Grants.
- Assisted in the identification and verification of all active federal grants for inclusion in the data base; ensured continual collection and update of information for monitoring and verification.
- Consulted with affected entities/individuals on data required to ensure comprehensive planning for informed decision making; attended meetings to provide technical support to the Director and other policy makers on the coordination of information for the data base of Federal Grants.
- Coordinated with the United States Department of Agriculture (USDA) Graduate School Program in providing technical training's in grant management and administration.

III. Guam Waterworks Authority (GWA) Strategic Plan

- Participated in the development, research, compilation of information on Human Resources Development to prepare sections for inclusion in the Guam Waterworks Authority's (GWA) Strategic Plan.
• Conferred with Guam Waterworks Authority staff on types of analytical, descriptive data required to ensure comprehensive planning and sound analysis of human resources development issues.

• Analyzed, interpreted data, and prepared written report; report prepared was thorough, identified positive and negative impacts and recommended course(s) of action for inclusion in the strategic plan.

IV. 1999 South Pacific Games (SPG) Commission Executive Committee

• Established and maintained contact with appropriate representatives from Government of Guam agencies, the South Pacific Games Commission, the Guam National Olympic Committee, local organizations and foreign governments in order to identify and stay abreast of issues that may have potential importance to the 1999 South Pacific Games.

• Wrote position papers and briefing papers for the Director and the Executive Committee on issues related to the South Pacific Games; provided overview of the issues, identify negative and positive impacts, and provide recommendations.

• Prepared correspondences to regional leaders and organizations for the Director's and the Governor's signature and/or the Executive Committee.

• Participated in the development and design of the Chef De Mission Handbook to all SPG member governments; consulted with 1999 SPG Committee members and Guam National Olympic Committee on venue events, activities and other information for inclusion in the Chef De Mission Handbook.

• Coordinated with various Sports Federation Groups on the Island to develop the sports event schedules and activities required for the Games.

V. International and Regional Policies

• Identified, assessed and evaluated international and regional economic, social, political and environmental development policies from the National Governor's Association, Pacific Basin Development Council and the South Pacific Commission to appraise the Governor and other policy makers on issues and activities that are relevant, beneficial or which negatively impact the island.

• Determined descriptive an analytical data requirements and data sources required for adequate planning, organization, and interpretation.

• Analyzed and accessed data in order to determine the most reliable, objective, and applicable information required to formulate policy, recommendations, position papers, and briefing papers for use by policy makers in articulating the views of the region and in making sound policy decisions.
Established and maintained contact with appropriate representatives from the Government of Guam, private, local and regional organizations, and foreign governments to stay abreast of issues that may have a potential importance to the Island.

Collected descriptive and analytical data to assess policy positions advocated by various federal, territorial and regional entities; provided staff support to the Director; attended off island conferences; prepared correspondences for the Governor's signature.

VI. Federal Constraints

- Identified federal laws and regulations which negatively impact Guam's physical, social, cultural, economic and environmental development.
- Conducted research, obtained legal citations from documents and coordinated with public and private sectors to collect descriptive and analytical data.
- Analyzed data, developed and prepared policy recommendations in consultation with other government agencies to appraise government leaders or policy makers on the impact or effect of the law or regulation on Guam's overall development.
- Provided staff support to Director and attend meetings on behalf of the Director.

VII. International Trade Agreements

- Evaluated trade issues from international trade agreements to determine potential negative and positive effects on Guam's economy, the government, private entities, industries, and the region as a whole.
- Formulated position papers, written comments, briefing papers or recommendations in consultation with appropriate entities; prepared correspondences for the Governor's signature.

VIII. Technical Reviews

- Assessed federal grant applications, State Plans, amendments and other federal commitments to ensure consistency with Island policies, goals and objectives and adherence with applicable federal and local statues, guidelines and regulations pertaining to the grant.
- Conducted research and analysis; collected data to evaluate program effectiveness, impact on the Island's socio-economic development, weaknesses or problems that may arise through the programs implementation.
1. International and Regional Policies

- Identified assessed and evaluated international and regional economic, social, political and environmental development policies from the National Governors Association, Western Governors Association, Pacific Basin Development Council, and the South Pacific Commission to appraise the Governor and other policy makers on issues and activities that are relevant, beneficial or which negatively impact the island.
- Determined descriptive and analytical data requirements and data sources required for adequate planning, organization, and interpretation.
- Analyzed and accessed data in order to determine the most reliable, objective, and applicable information required to formulate policy, recommendations, position papers, and briefing papers for use by policy makers in articulating the views of the region and in making sound policy decisions.
- Established and maintained contact with appropriate representatives from the Government of Guam, private, local and regional organizations, and foreign governments to stay abreast of issues that may have a potential importance to the Island.
- Collected descriptive and analytical data to assess policy positions advocated by various federal, territorial and regional entities; provided staff support to the Director; attended off island conferences; and prepared correspondences for the Governor's signature.

II. Federal Constraints

- Identified federal laws and regulations which negatively impact Guam's physical, social, cultural, economic and environmental development.
- Reviewed all applicable federal statutes and regulations by conducting research at the Territorial Law Library; obtained legal citations from documents; analyzed compiled information to determine impact of the constraint on the Island's economic, social, political, and environmental development.
- Conferred with Government of Guam agencies for input and information on all federal laws or regulations that have a negative effect on affected locations, entities, programs,
groups and individuals; conducted field interviews with appropriate individuals knowledgeable on the federal statute(s) to assess their negative and positive impacts.

- Prepared written papers discussing all aspects of the statute/regulation and recommended course(s) of action to pursue in formulating the Island's policy position and in articulating concerns to the federal government.

III. Drug Control and System Improvement Plan

- Participated in the development, research and compilation of relevant information on Guam's drug and violent crime problems in order to prepare sections for inclusion in Guam's Drug Control and System Improvement Plan.
- Conferred with local and federal law enforcement agencies on types of analytical and descriptive data required to conduct analysis of drug and violent crime problems.
- Analyzed and interpreted statistical data to identify charts, tables and graphs that are required in the Plan; prepared graphic presentation and narrative report for inclusion in the state plan.

IV. International Trade Agreements

- Evaluated trade issues from international trade agreements to determine potential negative and positive effects on Guam's economy, the government, private entities, industries, and the region as a whole.
- Formulated position papers, written comments, briefing papers or recommendations in consultation with appropriate entities; prepared correspondences for the Governor's signature.

V. Technical Reviews

- Assessed federal grant applications, State Plans, amendments and other federal commitments to ensure consistency with Island policies, goals and objectives and adherence with applicable federal and local statues, guidelines and regulations pertaining to the grant.
- Conducted research and analysis; collected data and statistics to evaluate program effectiveness, impact on the Island's socio-economic development, weaknesses or problems that may arise through the programs implementation.
- Prepared written comments, briefings or recommendation in consultation with other government agencies and corresponding memoranda for Clearinghouse approval.
VISUAL MERCHANDISING INTERN  
(Part-time during final year of college)  
Duty Free Shoppers Guam  
March 1988 - September 1989

- Performed business, management and marketing techniques in the display and presentation of retail commodities throughout the various Duty Free Shops located in the Islands Hotels.
- Assisted in the layout, design and production of visual sign displays of retail commodities for the various Duty Free Shops on Island and Micronesia; ensured visual layout is designed according to management specifications and distributed to the exact Duty Free Shop on Guam and Micronesia.
- Performed routine office management of records and files using an automated data system for reporting needs. Maintained complete filing and reference system for accountability and accessibility. Maintained good working relations with department vendors to ensure timely completion of projects and reliable services.
- Conducted a management study for the company's Visual Merchandising Department as part of the Internship Program. The study was conducted to improve accessibility and delivery of products and merchandise and efficiency of services provided by the Visual Merchandising Warehouse.

RETAIL SALES CLERK  
(Part-time during semester breaks in college)  
Maris Supermarket  
March 1986 - September 1988

- Performed routine retail tasks in the operations of the business. Tasks included but not limited to operating the cash register, ensure accurate cash-out balance, setting and display of retail products and commodities; ensured proper and courteous customer service.
- Conducted inventory of products and merchandise to ensure proper control of inventory levels and product self-life specifications.
- Ordered and prepared invoices for retail vendors and wholesalers; ensured payments to vendors and receipt of merchandise are accurate.
- Maintained cleanliness of products and work area.

SKILLS
- Knowledge of general office procedures, equipments and machines.
- Have good organization, decision-making, communication, listening and problem solving skills.
- Capable to present self appropriately and professionally to the community.
- Excellent skills in communicating effectively, orally and in writing.
- Able to work with a diversity of people and be a team player.
- Capable of making work decisions in accordance with appropriate program guidelines.
- Capable of maintaining records and preparing reports by the due dates.
- Knowledgeable in the administration of federal grant programs and have the ability to interpret and apply applicable laws, rules, regulations, policies and procedures regarding federal grant programs.

Planner I  
Bureau of Statistics and Plans  
Socio-Economic Planning Program  
Government of Guam  

Coral Reef Conservation Grant Program and Coral Reef Initiative Management Grant

- Assist the Chief Planner and Coral Reef Initiative Coordinator in the implementation and administration of the Coral Reef Conservation Grant program and the Coral Reef Initiative Management Grant to include the preparation of correspondence, preparation of Memorandum of Understanding, preparation of progress reports, preparation of request for proposals, preparation of request for price quotations, maintenance of grant files, implementation of the public and outreach component of the grant with initial guidance from the Supervisor.

- Assist the Chief Planner in reviewing request for reprogramming request and preparing the reprogramming requests to include the memorandum for the Chief Planner review and Director signature, the revised budget and the work request. Ensure the request is consistent with the project proposal.

- Email subgrantee programmatic point of contact and financial point of contact to remind entity about the submission of the reports 30 or 25 days before the progress report and financial reports are due, and send another reminder notice 10 days before the progress report and financial reports are due.

- Assist the Chief Planner and Coral Reef Initiative Coordinator sent out follow up memorandum and or email correspondence to subgrantee that have not submitted their report three days after the report due date.

- Maintain a CRCP and CRI log sheet to track the submission of progress reports, financial reports, close out report, and property inventory report.

- Maintain programmatic files in grant files 30 days after the supervisor reviews documents.

- Reserve the conference room for the meeting, send a reminder call a day before the meeting to ensure reservation is set, assist in sending reminder calls and or emails three days to invited participants before the meeting, ensure multi-media, visual aid screen, laptop, white board and flip chart are set up prior to meeting, ensure a sign for the meeting and in-sheer sheet is available, and meeting documents produced.
• Obtain the three price quotation for the annual Guardian of the Reef Training beginning in October to ensure the training is scheduled for the start of Guardian of the Reef Training.

• Obtain three price quotations for the bus transportation for the Guardian of the Reef presentation and the Guam Nature Alliance activities; and coordinate the bus schedule one or two weeks from the date the buses will be needed to include the DPW bus schedule if the private busing will not available.

• Coordinate the Guardian of the Reef presentation schedule at the elementary schools and the bus transportation schedule.

• Assist the Chief Planner in the coordination of the Pig Hunting Derby and the Pork in the Park outreach to include attending the planning meetings, map out the logistics for the Pork in the Park, obtain price quotations for the outreach supplies, man the check in site, and provide logistics and set up support for the Pork in the Park.

GUAM STATE CLEARINGHOUSE

• Thoroughly assess criminal justice federal grant in aid applications and State Plans, amendments and other federal commitments to ensure consistency with territorial policies, goals, and objectives; adherence with applicable federal and local statutes, guidelines, and regulations pertaining to the grant.

• Conduct research and analysis, and collect data, if necessary, in order to evaluate program effectiveness in addressing a territorial need; impact upon the territory’s socio-economic development; weakness or problems that may arise through program implementation.

• Consult and alert applicant agencies with findings or anticipated problems, making all attempts to assist in resolving the problem through recommended adjustments, development and improvement in program implementation.

• Prepare written comments and make recommendations on whether the application should be approved, disapproved or conditionally approved by the Guam State Clearinghouse by the due date.

PAUL COVERDELL FORENSIC SCIENCE IMPROVEMENT GRANT PROGRAM

• Assist the Socio Economic Planning Program Supervisor in the preparation and administration of the Paul Coverdell Grant Program to include the preparation of grant award application, preparation of award acceptance and certifications, address special award conditions and prepare the necessary correspondence to obtain information on how to meet compliance with special award conditions, preparation of subgrantee administrative manual, ensure updates are made to subgrantee administrative manual, preparation of correspondences, preparation of Memorandum of Understanding, preparation of progress reports, preparation of request for proposals, preparation of correspondences for Grantor approval for budget modifications, change of project scope, change of project period, contact information and others, preparation of correspondence regarding reprogram and other requests and supporting documents to subgrantees, and maintenance of grant files with initial guidance from the Supervisor such as Work Requests, Grant Adjustment Notices, Certification, Progress and Financial Reports, and Correspondences.

• Contact Coverdell programmatic point of contact and financial point of contact to remind entity about the submission of the reports 10 days before the quarter progress report and quarter financial report are due.

• Within 90 days of program desired completion date, coordinate with the BSP Administrative Staff to work with the sub recipients financial point of contact to ensure the following: available funds are encumbered and obligated (Issued Purchase Order), invoices paid, outstanding requisitions are de obligated with DOA, outstanding purchase orders are de obligated with GSA,
and journal voucher of negative balances are addressed; and to ensure the Bureau administrative funds are encumbered and or deobligated.

- Send out follow up memorandum and or email correspondence to subgrantee that has not submitted their report five days after the report due date.
- Ensure Semi-Annual Progress Reports via on-line reporting process is completed before the prescribe grant requirement deadline.
- Maintain a Coverdell log sheet to track the submission of quarter progress reports, quarter financial reports, close out report, and property inventory report that is updated.
- Maintain good work relations with program point of contact and financial point of contact regarding grant program to include Grant Policy Advisor.
- Assist the Socio Economic Planning Program Supervisor in conducting on-site programmatic and evaluative monitoring to ensure compliance with Federal and State laws and regulations and to determine if the subgrant is achieving its overall objectives and having some positive impact on the problem that the application is addressing through funding of this subgrant. Preparation of correspondence regarding on-site monitoring to subgrantee; conduct pre-desk top review using the prescribed BJA Monitoring Tool with grant files; preparation of correspondence regarding the findings and recommendations of the on-site monitoring; conduct follow-up with subgrantee on corrective action plan; preparation of final correspondence once subgrantee has met all programmatic and financial grant requirements to complete the on-site monitoring.
- Maintain programmatic files in grant files.
- Assist in other related duties as required by the Socio Economic Planning Program Supervisor.

**RESIDENTIAL SUBSTANCE ABUSE TREATMENT (RSAT) GRANT PROGRAM**

- Assist the Socio Economic Planning Program Supervisor in the preparation and administration of the Residential Substance Abuse Treatment (RSAT) Grant Program to include the preparation of grant award application, preparation of award acceptance and certifications, address special award conditions and prepare the necessary correspondence to obtain information on how to meet compliance with special award conditions, preparation of subgrantee administrative manual, ensure updates are made to subgrantee administrative manual, preparation of correspondences, preparation of Memorandum of Understanding, preparation of progress reports, preparation of request for proposals, preparation of correspondences for Grantor approval for budget modifications, change of project scope, change of project period, contact information and others, preparation of correspondence regarding reprogram and other requests and supporting documents to subgrantees, and maintenance of grant files with initial guidance from the Supervisor such as Work Requests, Grant Adjustment Notices, Certification, Progress and Financial Reports, and Correspondences.
- Contact RSAT programmatic point of contact and financial point of contact to remind entity about the submission of the reports 10 days before the quarter progress report and quarterly financial report are due.
- Within 90 days of program desired completion date, coordinate with the BSP Administrative Staff to work with the sub recipients financial point of contact to ensure the following: available funds are encumbered and obligated (Issued Purchase Order), invoices paid, outstanding requisitions are de obligated with DOA, outstanding purchase orders are de obligated with GSA, and journal voucher of negative balances are addressed; and to ensure the Bureau administrative funds are encumbered and or deobligated.
- Maintain good work relations with program point of contact and financial point of contact regarding grant program to include Grant Policy Advisor.
- Send out follow up memorandum and or email correspondence to subgrantee that has not submitted their report five days after the report due date.
- Ensure Quarter Performance Measurement Tool (PMT) and Semi-Annual Progress Reports via the on-line reporting process is completed before the prescribe grant requirement deadline.
- Maintain a Coverdell log sheet to track the submission of quarter progress reports, quarter financial reports, close out report, and property inventory report that is updated.
- Assist the Socio Economic Planning Program Supervisor in conducting on-site programmatic and evaluative monitoring to ensure compliance with Federal and State laws and regulations and to determine if the subgrant is achieving its overall objectives and having some positive impact on the problem that the application is addressing through funding of this subgrant. Preparation of correspondence regarding on-site monitoring to subgrantee; conduct pre-desk top review using the prescribed BJA Monitoring Tool with grant files; preparation of correspondence regarding the findings and recommendations of the on-site monitoring; conduct follow-up with subgrantee on corrective action plan; preparation of final correspondence once subgrantee has met all programmatic and financial grant requirements to complete the on-site monitoring.
- Maintain programmatic files in grant files.
- Assist in other related duties as required by the Socio Economic Planning Program Supervisor.

COMPREHENSIVE ECONOMIC DEVELOPMENT STRATEGY

- Assist the Socio Economic Planning Program Supervisor in the preparation and submission of Guam’s CEDS Update to the U.S. Economic Development Administration in collaboration with GEDA, and the CEDS committee in the preparation of the CEDS meetings and preparation of correspondence.
- Reserve the conference room for the meeting, send a reminder call a day before the meeting to ensure reservation is set, assist in sending reminder calls and or emails three days to invited participants before the meeting, ensure multi-media, visual aid screen, laptop, white board and flip chart are set up prior to meeting, ensure a sign for the meeting and in-sheet is available, and meeting documents produced.
- Assist in other related duties as required by the Socio Economic Planning Program Supervisor.

IMAGINE GUAM 2065

- Assist the Socio Economic Planning Program Supervisor in Secretariat responsibilities for the Social Stabilization and Guam Modernization Committees to include preparation of correspondences, coordination of meetings, and assist in sending reminder calls and or emails three days to committee members three days before the meeting, participation in meetings, and note taking of minutes.
- Assist in other related duties as required by the Socio Economic Planning Program Supervisor.

Grants.gov password update and Systems for Awards Management annual renewal

- Update passwords for grants.gov quarterly for DUNS 778904292 and 855031506.
- Renew the SAM annual update (If any changes to the Director, need to update the DUNS number with DUNS and Bradstreet Australia via email. Documentation can be found in the binder to update the information).
Bureau of Statistics and Plans Website
- Maintain and update the Socio Economic Planning Program and Coral Reef Initiative program site. Coordinate and collaborate with the Socio Economic Planning Program staff and Coral Staff on posting and updating the information on the web.

Watabe Weddings – Internship
- Learned operations of the wedding business on Guam.
- Learned the job of a party coordinator, from preparing to hosting parties, and serving guests.
- Learned to work with party operations staff team, as well as coordinate with other departments.
- Finished internship requirements and offered a part time job as party coordinator.

Special Project, with UOG Cooperative Extension Service
- Developed a survey to determine farm gate prices of local produce
- Practiced and developed phone etiquette from conducting phone surveys with hundreds of local farmers
- Surveyed local vegetable stands and grocery stores for local produce prices on site
- Collected and organized data received through surveys

Party Coordinator, at Watabe Weddings
- Oversaw planning and coordinating wedding parties.
- Served foreign customers from Japan, Taiwan, and China
- Prepared paper work required for parties and wrote reports to keep records of events for each party.

Business Plan Development
- Assisted to create an innovative product utilizing the Blue Ocean Strategy used to develop a business plan for a new local brand of apparel for Guam
- Conducted a market analysis based on the relative industry of the business
- Organized the operational procedures and production methods for the business
- Conducted a 5 year financial projection for the business
- Presented our business plan at the 2014 American Marketing Association’s Marketing Conference

Skills
- Proficient in Microsoft Office 2007: Word, Excel, PowerPoint, and Publisher.
- Ability to work with both Mac and PC operating systems and various computer applications such as Microsoft Office Applications, Adobe Creative Suite Applications, etc.
- Knowledgeable in AS400 Financial Management System to view accounts balances, encumbrances, payments, purchase orders, etc.
- Knowledgeable in operating a Velobind Machine, Spiral Binding Machine, 10 Key punch calculator, facsimile machine, scanner, telephone systems, laser printers and other related office systems.
- Knowledgeable in setting up a multi media project with laptop.
- Capable of working effectively with the public and employees.
- Excellent skills in communicating effectively, orally and in writing.
- Capable of making work decisions in accordance with appropriate program guidelines.
- Capable of maintaining records and preparing reports by the due dates.
- Interpersonal skills, Good communication skills, and meets project deadlines.
- Graphic Designing
- Webpage Designing
- Digital Photography and Videography
