Respondents who reported multiple Pacific Islander groups are counted more than once. For example, a respondent reporting "Chuukese and Marshallese" is included in the Chuukese as well as the Marshallese numbers.

Total:	170,372
Asian	59,955
Black or African American	2,309
Native Hawaiian and Other Pacific Islander	90,238
White	14,990
Hispanic or Latino	2,124
Other Ethnic Origin or Race	756

NOTE: The numbers by ethnic origin and race groups do not add to the total population. This is because the categories are tallies of the number of responses. Respondents who reported multiple ethnic origin or race groups are counted more than once. For example, a respondent reporting "Filipino and Black" is included in the Asian as well as the Black or African American numbers.

NOTE: For information on the codes used when processing the data in this table, see Appendix F, <http://www.census.gov/prod/cen2010/doc/sfgu.pdf>
