Fact Book

A Message from the President

In 2012 the University of Guam celebrates its 60th Anniversary as we continue our commitment to Academic Quality, Student Success, Community Engagement, and Institutional Efficiency and Effectiveness. The 2011-2012 edition of the University of Guam Fact Book is designed as a convenient and authoritative reference guide and as a historical record of our growing University. The book includes data and information on our students, faculty, employees, administration, and physical and fiscal resources.

Since our beginning in 1952 as a teacher training junior college in Mongmong, the University of Guam has grown into the largest U.S. accredited institution of higher learning on this side of the world. Today, the University offers 36 undergraduate programs and 15 graduate programs and has graduated over 14,000 students who are now engaged, dynamic professionals in Guam, in our neighboring island communities, and across the world.

We hope that the information presented here will highlight the many facets that comprise the University of Guam and will help you gain a greater understanding of the nature of the University.

A Message from the Senior Vice President
for Academic and Student Affairs

Hafa Adail I am pleased to present the fifth edition of the University of Guam Fact Book for the academic year 2011-2012. The Fact Book is a reference for facts and figures on the University's activities from student enrollment to the number of degrees conferred; from faculty demographics to instructional resources, and more.

The Fact Book is a team effort, compiled by the Office of Academic Assessment and Institutional Research in collaboration with the Office of Academic Affairs and Student Services, the Office of Enrollment Management and Student Services, the Office of Admissions and Records, the Financial Aid Office, the Learning Resources Center, the Comptroller's Office, the Human Resources Office, the Integrated Marketing Communications Office, and the Information Technology Resources/ Computer Center. Thank you to all of the staff who contributed towards producing these statistics.

In recognition of the University's 60th Anniversary in 2012, we included a table showing the number of degrees conferred through the past six decades. Our over 14,000 graduates demonstrate the sheer impact that the University has had in providing Guam and the Region with citizens earning undergraduate and graduate credentials from a U.S. accredited institution. We look forward to serving Guam and the Region for the next sixty years.

Biba UOG!
