Fact Book

A Message from the President

I am pleased to announce the 2012-2013 edition of the University of Guam Fact Book. The Fact Book is designed as a convenient and authoritative reference guide and as a historical record of our growing University. The book includes data and information on our faculty, students, administration, physical resources and revenue sources. This past year was special for a number of reasons, one of which is that the AY2012-2013 graduating class was the largest in over 10 years. This year also marks the first year in its history that the University recorded \$100M in revenue.

Since our beginning in 1952 as a teacher training junior college in Mongmong, the University of Guam has grown into the largest U.S. accredited institution of higher learning on this side of the international dateline. Today, the University offers 35 undergraduate degrees and 15 graduate programs and has graduated over 14,500 students who are now engaged, dynamic professionals in Guam, our neighboring island communities and across the world.

We hope that the information presented here will highlight the many facets that comprise the University of Guam and will help you gain a greater understanding of the nature of the University.

Biba UOG!

A Message from the Senior Vice President
for Academic and Student Affairs

Hafa Adai! I am pleased to present the sixth edition of the University of Guam Fact Book for the academic year 2012-2013. The Fact Book continues to be a reference for facts and figures on the University's activities from student enrollment to the number of degrees conferred; from faculty demographics to instructional resources.

The Fact Book is a team effort, compiled by the Office of Academic Assessment and Institutional Research in collaboration with the Office of Academic Affairs and Student Services, the Office of Enrollment Management and Student Services, the Office of Admissions and Records, the Financial Aid Office, the Learning Resources Center, the Comptroller's Office, the Human Resources Office, the Integrated Marketing Communications Office, and the Information Technology Resources/ Computer Center. Thank you to all of the staff who contributed towards producing these statistics.

As this Fact Book demonstrates, the University continues its growth in not only enrollment, retention, and graduation rates, but also in its ability to garner grants and contracts revenue.

Biba UOG!

Helen J.D. Whippy
