CONFERENCE ON ISLAND AND ARCHIPELAGO SEA LAW

GUAM

April 5-9, 1977

MESSAGE

Hafa Adai and Greetings:

On behalf of the people of Guam, I welcome participants, delegates, and observers to the Conference on Sea Law, to be held on Guam on April 6th through 9th, 1977. I commend the Pacific Asian Studies Association for planning the Conference. The Conference deals with a problem global in nature - the question of man's use of the ocean resources.

Hugo Grotius, a famous writer of international law, stated "that the sea by its very nature cannot be the property of a state." This principle left nations the freedom to use the high seas, in navigation, in fishing, flying over the high seas, and to establish international communication. Traditionally, the open seas has been used for commerce. Today, the importance of the seas becomes more crucial, as scientists discovered abundant food and mineral resources in the deep seas.

I recognize that the United Nations has already sponsored three international conferences on the law of the sea. The Conference that the Pacific Asian Studies Association now proposes is the first to be held in the Asian-Pacific Basin. The lives of millions of island people would be greatly affected by the future regulations and solutions arrived at by various countries on the uses of the sea.

Through this Conference, the peoples and nations of the Pacific community will find a forum to express their own views on a very important global problem. I urge you to come and attend this exciting conference. Your presence will greatly enhance the success of the Conference.

ORIGINAL FOUNDATION OF THE PACIFIC ASIAN STUDIES ASSOCIATION FROM LEFT TO RIGHT: DR. LYNN LINDEMAN, VICE PRESIDENT OF ACADEMIC AFFAIRS; DR. ANTONIO YAMASHITA, PRESIDENT OF THE UNIVERSITY OF GUAM; DR. BENJAMIN F. BAST, VICE PRESIDENT AND TREASURER OF THE PACIFIC ASIAN STUDIES ASSOCIATION; DR. ROGER RICKEY, FORMER DEAN OF THE COLLEGE OF ARTS AND SCIENCES OF THE UNIVERSITY OF GUAM; DR. PEDRO SANCHEZ, FORMER PRESIDENT OF THE UNIVERSITY OF GUAM; DR. JAMES McDONOUGH, DEAN OF THE GRADUATE SCHOOL OF THE UNIVERSITY OF GUAM.

The Pacific Asian Studies Association was founded in November 1973 by members of the faculty of the University of Guam. The Association is a non-profit corporation which seeks to develop Guam as a center of international studies in all areas relating to the economic, political, scientific and social development of the Pacific Asian world. Through the support of the members of the business, government and educational institutions on Guam; the association has grown to include members from all areas of the world and particularly the Pacific areas. The present President of the association, the Honorable Carlton Skinner, was the first Governor of Guam and is the Consul General for Nauru.

In addition to the journal, Pacific Asian Studies, the association maintains an extensive list of consultants in the social sciences, economics and business fields. The association has supported student exchanges, travel and scholarly research in the Pacific Asian area. The present Sec

Pacific Asian Studies Association

The political and economic future of the Pacific world will be profoundly influenced by the proposed international agreements on Sea Law. Because of the significant impact such agreements will have for this area of the world, the Governors of the Pacific Asian Studies Association have directed the officers of the Association to develop a special conference on Island and Archipelago Sea Law. The basis for the conference will be an analysis of the present proposed Sea Law agreement of the special United Nations sponsored Sea Law Conference. Through the support of the Governor of Guam and the business and legal community of Guam the association will arrange to bring to Guam four senior authorities in the areas of law, economics, and marine science to explore the impact of the proposed Sea Law agreements. In addition, the Guam Department of Commerce and the University of Guam personnel will assist in the preparation and presentation of the Conference Seminars. The Pacific Asian Studies Association cordially invites the attendance of all interested parties at the Conference to be held on Guam from April 6 - 9, 1977. Both active participants in the Seminars and observers are invited to attend this conference. The Association will provide translations for observers if sufficient participation warrants such translations. The proceedings of the Conference will be published in the journal of **Pacific Asian Studies**. Sea Law materials and special reports will be provided for all registered participants. We urge your attendance at this conference.

HOW TO PRE-REGISTER

Complete the attached Reservation Form with your hotel and transportation requirements and send to our central coordination center.

OFFICIAL COORDINATION CENTER

We have appointed the firm of BREAK-AWAY TRAVEL AGENCY (P.O. Box 8212, Tamuning, Guam 96911, 646-1618/1718), an established Guam company with many years of experience in the travel field, to coordinate all hotel reservations, ground services and air transportation. We encourage you to make all arrangements through our appointed firm, as many of the offerings are based on charters, group and special rates.

NEED FOR EARLY RESERVATIONS

Our appointed travel agent can make final plans on your behalf. Hotels in Guam and on the islands where specific tours have been programmed have deadlines from 45 to 60 days prior to when all blocked rooms are released for sale to the general public. Late registrants would be on a space available basis. Also, the number of rooms being held for certain tours are limited and large blocks of group space are at a premium during this period in Guam and the neighboring islands.

All committed programs have deadlines to the hotels and ground operations of 45 days prior to use. Reservations received after February 5, 1977 would be on a space available basis only.
