FOREWORD

This volume is the fifth edition of the Annual Statistical Report prepared in booklet, printed form. It contains data compiled from certificates registered with the Office of Vital Statistics (These certificates can be found on the back).

Births. For the first time, the year ended with a slight decrease in live births with a birth rate of 29.2 per 1,000 population compared to 30.9 per 1,000 in 1973, a decrease of 1.7. Deliveries at the civilian hospital, totaled 2326 and 898 deliveries in the military hospital with two (2) home deliveries. There were 9 live births from mothers under 15 years of age - seven illegitimates. Illegitimate births totaled 420 with a rate of 129.9 per 1,000 live births, a decrease as compared to 466 in 1973.

Of the 3226 births recorded for the year, 1,721 births or 53.3% occurred to mothers who made a prenatal visit during the first three months of their pregnancy. There were 1,145 or 35.5% mothers who postponed their first prenatal visit until the second trimester. There were only 30 mothers without prenatal care.

Deaths. There were 449 deaths for the year, an increase of 14 from previous year. The death rate was 4.1 based on 449 deaths per 1,000 population. Infant mortality rate was 23.3 per 1,000 live births, about the same as for 1973. With a slight increase the rate for fetal death was 12.1. Out of 39 deaths, cause unspecified was the main ill-defined condition and accounted for 10 deaths - next in line was stillbirth with 7 deaths.

Marriages. With a very slight increase, 1974 ended with a total of 2523 marriages with the rate of 22.9 per 1,000 population. As previously indicated Japanese again rated with the highest number- 1484 Japanese grooms and 1496 Japanese brides.

Divorces. This is the third year in a row since we have started compiling statistics on divorces and annulments. The divorce has increased from 100 in 1973 to 207 in 1974 with a rate of 1.9 per 1,000 population. Annulments numbered 26, six (6) less from previous year. The ages between 35-39 accounted for the highest number of divorces.
