FOREWORD

This volume is the seventh edition of the Annual Statistical Report prepared in a booklet, printed form. It contains data compiled from certificates registered with the Office of Vital Statistics (these certificates can be found on the back).

Births. The year ended with a slight decrease in live births with a total of 3048 and birth rate of 27.3 as compared to 3163 and birth rate of 29.8 in 1975. However, illegitimacy continues upward with a total of 473. There were 7 births from mothers under 15 years of age - all were illegitimates. The illegitimates birth rate was 155.2 per 1,000 live births.

The percentage of births classified as premature (5 pounds 8 ounces or less), was 6.1% as compared to 7.2% for 1975.

The natural increase per 1,000 population was 23.1 - 25.6 for 1975.

Deaths. The year 1976 ended with 466 deaths - a rate of 4.2. The top three leading causes of death were diseases of the heart, all other accidents and neoplasms.

The percentage for male deaths was 69.5 as compared to 30.3 for female.

Guam infant death rate for the year was 18.0 with 55 deaths.

The fetal death rate reduced from 20.2 in 1975 to 14.4 with the current year. Mothers between the ages 20-29 accounted for the highest number of death. By law 16 weeks and over gestation must be reported and registered as fetal death. A change is in the process to change 16 weeks to 20 weeks and over.

Marriages. Marriage rate has declined from 17.5 in 1975 to 13.8 for 1976.

Divorces. The divorce rate was 2.5 as compared to 1.8 in 1975. Replacing the previous requirement of one year separation to six(6) months could account for the increase.

There were 38 annulments for the year.

OTHER ACTIVITIES

CRIPPLED CHILDREN'S SERVICES
Annual Report
July 1, 1976 to June 30, 1977

I. Description of Program

A. Goals and Objectives of the CCS Program

1. To detect handicapped or potentially handicapped children under 21 years of age residing on Guam; to provide a diagnostic evaluation and then the appropriate medical or surgical treatment, hospitalization if necessary, and continuing care in order to promote maximal physical and mental health and ability of each child to function in a society. Criteria for eligibility for CCS coverage are geared toward providing maximal service within the bounds of available resources.
