FOREWORD

This volume is the sixth edition of the Annual Statistical Report prepared in booklet, printed form. It contains data compiled from certificates registered with the Office of Vital Statistics (these certificates can be found on the back).

Births. A total of 3163 live births with a rate of 29.8 were registered for the calendar year 1975, still a slight decrease from the previous year with a total of 3226. Births among the military community have increased from 898 in 1974 to 976 in 1975 - deliveries for the civilian sector totaled 2185 with two (2) home deliveries for the year. As in 1974, the year ended again with 9 live births from mothers under 15 years of age, the youngest being 12 years old. Out of the 9 births 8 were illegitimates. Illegitimate births totaled 394 with a birth rate of 124.6 per 1,000 live births - a small decrease as compared to 420 in 1974.

Of the 3163 births recorded for the year, 1,852 or 58.55% occurred to mothers who made a prenatal visit during the first three months of their pregnancy. The number of mothers without prenatal care was discouraging - from 30 in 1974 to 100 for the current year.

Deaths. During 1975 there were 441 deaths, eight fewer than 1974 with a rate of 4.1 per 1,000 population. Of the 10 leading causes of death, diseases of the heart; neoplasms and certain causes of mortality in early infancy were the three leading causes for 1974 and have remained the same for 1975.

The infant death rate of 20.2 per 1,000 live births based on 64 deaths has reflected a decrease from previous year (1974) with a total death of 75.

The fetal death rate of 20.2 has increased to just about double as compared to 1974 which ended with a rate of 12.1. Mothers between the ages 15-24 have the highest number of death. Of the 64 fetal deaths, 36 have occurred to mothers having their first baby.

Marriages. With a decrease of 662, 1975 ended with a total of 1861 marriages as compared to 2523 in 1974.

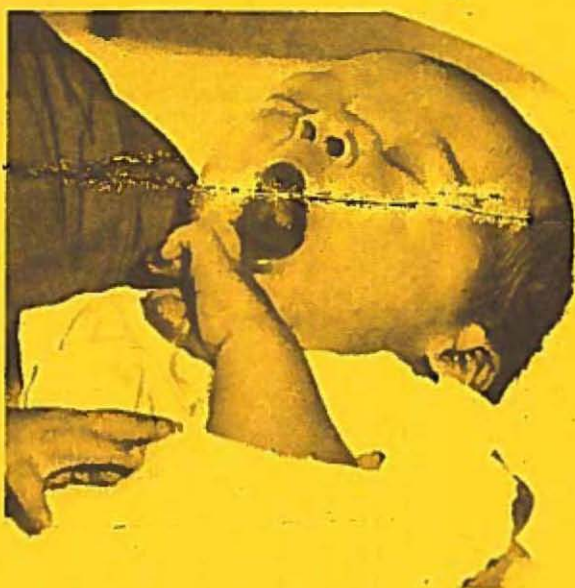

Divorces. This is the fourth year since statistics on divorces and annulments have been compiled. The divorce has declined very slightly with 196 as compared to 207 in 1974. However, annulments have increased from 26 in 1974 to 37 for 1975, an increase of eleven (11). The ages between 25-29 for both brides and grooms have accounted for the highest number of divorces - the age group is getting younger.

Baby Boy Guam's 1st Of 1975

Albert D. Guzman III, born four minutes after 1975 was, is Guam's first baby for the New Year.

The 8-pound, 10-ounce infant is the second son of Mr. and Mrs. Albert D. Guzman Jr. of Asan.

SUBSCRIBED AND SWORN TO BEFORE ME THIS _____ DAY OF _____ 11

SPECIAL DEPUTY DIRECTOR OF REVENUE AND TAXATION

In accordance with Section 89(b) of the Civil Code of Guam parental consent is required where the male applicant is under 21 years of age and the female applicant is under 18 years of age and have not been previously married. In addition to the above requirements a court order in writing, from the Island Court, is required where the male applicant is between the ages of 18 and 20 and the female between the ages of 16 and 18.

Attach certified copy of divorce or annulment decree or death certificate. SUBMIT THIS COPY TO THE OFFICE OF VITAL STATISTICS, DEPARTMENT OF PUBLIC HEALTH & SOCIAL SERVICES. P.O. BOX 2816 AGANA, GUAM WITHIN TEN (10) DAYS AFTER SOLEMNIZATION OF MARRIAGE.
